		25X1
25X1		Comments.
	(1)	The departure of elements of the 9th Fecz Div to Weisswasser has been confirmed
25X1	, ,	The present report indicates that the
		bulk of the division has been at the troop training grounds since rid-April 1952.
		It is possible that elements of the Hq or the tank training battalion of the 9th
		Lecz Div remained at the Hermann-Loens Kaserne.
	(2)	It is confirmed that the components of the 9th Tank Div in the Zaschendorf Kaserne
		moved to Zeithain. According to a report the 95th Tank Boot to
		the Bohnitsch Kaserne moved out between 13 and 15 April 1952. The route reportedly
051/4		was toward Riesa and Crossenhain, which was indicative of the Zeithain troop train-
25X1	(3)	ing grounds.
25X1 25X1	(3)	the air force construction unit has been transferred to brfurt-Bindersleben airfield.
23/(1	(4)	According to the present observations, the unidentified rocket launcher regiment
	,	of the XXIX Gds Mtz Rifle Corps was shipped on 19 April 1952. The statement that it
		moved to Ohrdruf needs confirmation.
	(5)	It was concluded that the 21st Gds Mecz Regt
		of the 8th Gds Necz Div stationed in Leipzig-Reiterblick was no longer at the rost.
25X1		on 20 April 1952.
